

The Arkansas Energy Education Foundation promotes the oil and natural gas industry. Thanks to generous supporters, foundation programs have reached thousands of Arkansans, hundreds of educators and thousands of school children through the Arkansas Energy Rocks! program and www.arkansasenergyrocks.com website.

THANK YOU – This would not have been possible without YOU!

**2019-2020
School Year**

SCHOOLS
VISITED

65

STUDENTS
REACHED

7,800

When schools closed in the spring of 2020, we adapted the program’s three presentations and added voiceover and animation. They were uploaded to You Tube and links were sent to educators, principals, and Gifted and Talented coordinators across the state. Offering this content online was greatly appreciated and we know hundreds and possibly thousands of students watched the presentations on YouTube. This fall, we have used Google Classroom, Zoom and WebEx to visit classrooms virtually.

Paige Miller
Arkansas Energy Rocks! Director

THE FUTURE OF OUR INDUSTRY DEPENDS ON YOUR SUPPORT
